

## Restek Named One of 2025's Top Three Pennsylvania Healthiest Employers

We're proud to share that Restek has been named one of the 2025 Healthiest Employers of Pennsylvania.

This recognition reflects our commitment to a whole-person well-being and the incredible work of our in-house Wellness Team who support employee-owners and their families through physical, nutritional, and mental health training as well as many other wellness programs, both onsite and virtually around the world.

Please join us in congratulating Scott Thompson, Bridget McGuire, and Kari Leah for the passion and care they bring to our people every day. Their work is a powerful example of our core values in action showing that We Care for our employee-owners and strive to get Better Every Day.

#employeeowned #employeeownership #WeOwnIt
